

**THORNBURY TOWNSHIP (CHESTER COUNTY)**  
**HISTORIC PRESERVATION COMMISSION**  
**Wednesday, December 10, 2014**

Present: Randell Spackman, Michele Thackrah, Dick Webster.

**1. Approval of Minutes**

The minutes of November 12, 2014, were approved as distributed.

**2. Springhouse Update**

Randell spoke to Jim Benoit, who said that he would ask Jacqui to request John Neff to investigate putting temporary roof supports in the springhouse. Mr. Benoit said that taking down the tree at the springhouse should be added to the scope of work.

The commission thinks that the shingles that have been put on the Cheyney House would be appropriate for the springhouse.

**3. *Gander* Article**

Dick Webster has submitted an article on the springhouse in the Squire Cheyney Farm Park for the December issue of *The Gander*.

**4. Competition for Township Logo**

The commission has reviewed and found unacceptable the four submissions from area high school students that Jacqui distributed.

Richard J. Webster  
Commission Secretary
